Thank you for your order.*

Early Season

3" pots
4 1/2" pots

currently available pot sizes:

			Days:	3" pots	4 1/2" pots
<input type="checkbox"/>	<input type="checkbox"/>	Bush Early Girl	A compact, patio-sized variety: an extreme earliness and huge yields of firm, meaty, flavorful fruits that are larger than Early Girl - a full 4" in diameter. Determinate.	55	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Czech Excellent Yellow	Just at the name implies! 2-3 oz pale orange-yellow fruits with an excellent sweet taste. Has a surprising strong flavor for a yellow.	65	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Gold Nugget	These vigorous plants bear numerous golden-yellow, fine-flavored, 1" oval "nuggets". Uniform, compact plants, averaging 24" in height, begin fruiting extra-early. Determinate.	55	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Husky Red Cherry	These plants start early and have season long production. The fruits average about 1" in size. A member of the Husky "ISI" Series, whose dwarf indeterminate habit and quality production makes it perfect for small spaces and containers. Seed from Totally Tomatoes.	65	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Native Sun	The largest, super-early, yellow tomatoes we've ever seen and the flavor is excellent. The BIG 6-10oz (or larger) lemon-yellow beauties mature as early as the Sub-Arctic types with more flavor and 3-6 times the size! Determinate.	50	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Orange King	Deep orange colored 6-8 oz. globes with a wonderful fruity flavor. Early cropping and a high producer.	60	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Silver Fir Tree	This 2 ft. dwarf, early fruiter from Russia makes a productive container plant, and unlike most tomatoes grows well in overcast coastal areas. Determinate. Carrot-leaf foliage. Good for edible landscaping!	55-60	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Spring King	One of the largest early slicers with good disease and crack resistance. Big, early yield of tart 10-16 oz. Fruit on a compact Determinate vine that provides excellent leaf cover. Very firm, globe-to-slightly-oblate fruit are generally crack and blemish free.	60	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Sweet Million	A high yielding cherry tomato that was an improvement over the hybrid Sweet 1000, which was an improvement over the Sweet 100. Long chains of dark red cherry tomatoes produced throughout the summer. Indeterminate.	60	<input checked="" type="checkbox"/>

Mid Season

3" pots
4 1/2" pots

currently available pot sizes:

			Days:	3" pots	4 1/2" pots
<input type="checkbox"/>	<input type="checkbox"/>	Anna Russian	This luscious heirloom was reported to have been brought to Oregon by a Russian immigrant generations ago. Pinkish-red, heart-shaped fruits are large, early and juicy with outstanding flavor and weigh a pound. Oxheart-like foliage on hardy vines. Indeterminate.	65-70	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Big Beef	Plant will produce nice large 10-12 oz., red fruits. A nice beefsteak variety that produces firm, juicy fruits with great flavor. Produces well in New Jersey.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Black Krim	Originally from Krim on the Black Sea in the former Soviet Union. Regular leaf plant yields 4-6" slightly flattened dark reddish (mahogany-colored) fruit with deep green shoulders. Green gel around seeds. Fantastic taste. Indeterminate.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Blondkopfchen	Gold cherry tomato hanging in clusters like grapes. Sweet tasting cherry fruits. A very productive variety. Indeterminate.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Christmas Grape	Highly productive grape tomatoes that have a nice sweet tomato flavor. Indeterminate. New for 2005 - seed from Seed Savers Exchange.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Enchantment	A small, egg-shaped tomato in the "Saladette" genre with a delicate, fruity flavor. 'Enchantment' is ideal for slicing and its tart-sweet taste is perfect for fresh salsa.	65	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Golden Pearl	Pea-sized golden fruits with nice sweet flavor. A very productive variety where the fruits grow in abundance in clusters. Fruits are shaped like a pear. Indeterminate.	65	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Grapette	A gourmet-style tomato great in salads. Fruits are thin-skinned, juicy and oblong in shape. Produce in clusters of 16-40 fruits and easy to harvest. Fruits weigh just about 1/2 oz each. Semi-determinate.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Green Zebra	The 2-inch round fruit ripens to a yellow-gold with dark-green zebra-like stripes. The flesh is lime-emerald in color that has an invigorating lemon-lime flavor. A great tomato for brightening up salads and other tomato dishes.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Heart's Fire	A French hybrid. Produces medium-sized fruits.	70	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Husky Red	Plants are compact, growing to about 4-4 1/2 feet. Attractive red fruits of about 5-8 ozs each. Great for small spaces in your garden, or on your patio in large planters or pots. A prolific producer during the season. Seed from Totally Tomatoes. Dwarf indeterminate.	68	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Isis Cherry	Plants are loaded with 1 1/2" fruits on short trusses in double rows of 6-8 with a starburst of color at the blossom end. Rich & flavorful and a nice blend of sweetness & fruitiness. Introduced through the Seed Savers Exchange in 1992. Indeterminate variety.	70-80	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Jubilee	Produces round yellow/orange 3-5 oz fruits. Very sweet and among a favorite of many tomato tasters.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Prudens Purple	Developed from the Brandywine. Many folks find this variety comparable in every way to the favorite Brandywine. It has even ranked higher at times in my taste trials. Great for hot day and cool night climate. Large potato leaf vine produces lots of 1-lb., slightly flattened, pretty, blemish-free, purple-pink fruits with few seeds and excellent flavor. Indeterminate	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Rutgers	All purpose variety which is ideal for canning & juicing. Ripens evenly from inside out. Bright red fruits with heavy walls average about 7 ozs. Attractive old time favorite. "The New Jersey Tomato" developed at Rutgers University.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	San Remo Roma Paste	An early-maturing paste tomato for short-season bioregions. Ideal for canning and sauces. Determinate.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Sun Gold	Exceptionally sweet, bright tangerine orange cherry tomato. Start yielding early and bear fruit right through the season. Huge bush with many runners. Sprawling vines need support and full sun.	75	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Super Sioux	This heirloom variety was originally released in 1944 by the University of Nebraska and is worth planting today because of its incredible flavor and reliably large harvests even in hot weather. Although this appears to be an average size (6 oz.), unassuming red tomato, you just have to grow it to believe how good it is -- sweet yet tangy and full of those rich, complex flavors that make a delicious tomato memorable. Extraordinary taste in a round, red tomato. Indeterminate.	70	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Super Sweet 100	Deep red, scarlet cherry-sized fruits. They produce on long clusters even late into the season. Nice sugary flavor. Indeterminate. A hybrid variety from Burpees Seed.	70	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Thessaloniki	Open pollinated tomato from Greece. Mild earthy, slightly acidic flavor ranks very high in most taste tests. Resists sun scald and cracking. Indeterminate.	70	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Yellow Pear	Grown since the late 1800s, "Yellow Pear" is still popular for its tender, mild flavored, pear-shaped fruits. Low in acid, it has a sweet lingering flavor. Delicious in salads or pickled. Clusters of 1-2 in. fruits proliferate all summer. Resistant to alternaria stem canker disease. Indeterminate. Bushes can grow up to 8 ft.	70-80	<input checked="" type="checkbox"/>

Late Season

currently available pot sizes:

3" pots

4 1/2" pots

3" pots
4 1/2" pots

<input type="checkbox"/>	<input type="checkbox"/>	Amish Paste	3" long acorn shaped fruits. deep red, thick flesh & few seeds. The ultimate sauce type. A good producer.	Days: 90	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Arkansas Traveler	Heirloom variety from stock seed that "Totally Tomatoes" discovered in the Ozark Mountains of Arkansas and Missouri. Fruits are rough, medium-sized, about 6 oz., with an excellent, creamy, mild flavor. Highly adaptable. Indeterminate.	Days: 90	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Aunt Ruby's German Green	Heirloom beefsteak variety from Ruby Arnold of Greeneville, Tennessee who passed away in 1997. Slightly flattened, 1 pound fruit that ripens to a pale greenish-yellow ("lime jello green") with a slight pink blush that extends to the inside. Superb, fruity sweet and slightly spicy taste.	Days: 80	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Black Plum	A very productive Russian strain. Produces brownish-gray fruits which are very sweet & meaty. Excellent for sauces & for salads. Oval fruits average 2 to 4 oz., and turn a deep mahogany-brown color at maturity. Indeterminate.	Days: 80	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Box Car Willie	A slightly flattened New Jersey variety by Joe Bratka's father. (most likely named for the country western singer). Produces 10 to 16-ounce, smooth, bright-red with an orange tinge. These excellent tasting tomatoes are very juicy and because they are so dependably tasty and abundant throughout the season, Box Car Willie is a staple in many home gardens. Good resistance to disease and cracking.	Days: 80	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Cherokee Purple	Of Cherokee Indian origin, this is a pre-1890 Tennessee heirloom that yields large fruits up to 12 ounces that are smooth with slightly ridged shoulders. It's dusky rose/purple color is so dark it is often referred as a "black" tomato. Fruits are sweet and rich in flavor. Seeds for this tomato were sent to Craig Le Houllier in the 1980's by J.D. Green of Servierville, Tennessee, whose ancestors received the strain from local Cherokee Indians.	Days: 85	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Delicious	An excellent slicer, with most fruits over 1 pound - many 2 to 3 pounds - and still holds the world record of 7+ pounds for a single fruit! Produces smooth and solid fruits that seldom crack, with small cavities, nearly solid meat, and excellent flavor. Developed from Beefsteak after 13 years of careful selection. Indeterminate.	Days: 77	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Elberta Girl	From Russia. A fuzzy skinned 19th century variety producing lots of 2" deliciously flavored fruit. Eat as fresh as possible as this does not store well. Looks like a miniature peach. probably the sweetest tasting of the Angora varieties.	Days: 80	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	German Queen	Potato leaf variety with large 1 to 1 1/2 pound fruits. Excellent flavor and good disease resistance. From Seeds of Change.	Days: 85	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Goldie	Striking orange-gold fruit with a fruity rich taste. Superior productivity. Fruits yielded in the 1-2 lb size. A drought tolerant variety and does well in cool weather. Indeterminate.	Days: 85	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Hillbilly	Huge bicolored tomato is yellow-orange with red streaking. Fruits have sweet and fruity flavor and usually weigh from 1 to 2 lbs. Heirloom variety from West Virginia. Indeterminate.	Days: 85	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Mortgage Lifter	M.C. Byles, affectionately known as "Radiator Charlie" developed this tomato in the 1930's. Radiator Charlie, who had no formal education or plant breeding experience, created this legendary tomato by cross-breeding four of the largest tomatoes he was able to find and developed a stable variety after six years of pollination and selection. He then sold his tomato plants for one dollar each (in the 1940's) and paid off the six thousand dollar mortgage on his house in six years. The large, slightly flattened, pink-red fruits that range from 1/2 pound to more than 3 pounds, are meaty, very flavorful and have few seeds.	Days: 80	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Pineapple	An heirloom garden favorite that grows to 2 lbs. This bi-colored, slightly flattened, yellow fruit has a red blush on the outside. It's yellow interior contains a red star-burst in the center. Taste is wonderfully mild, tropical fruity-sweet flavors. This is a show stopper!	Days: 85	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Pink Brandywine	Probably the first heirloom to achieve "cult status" within the growing popularity of heirloom tomatoes. A pink, potato-leaf, Amish variety from the 1880's. The Brandywine has always placed as one of the top three favorites by most tasters. It is legendary for it's exceptionally rich, succulent tomato flavor. Fruits are reddish-pink, with light, creamy flesh that average 12 ounces but can grow to 2 pounds.	Days: 80	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Red Pear	aka Red Fig. Heavy yields of 2" pear shaped fruits, ripen to red. Use like a cherry tomato in salads or just for snacking. Seed from Garden State Heirloom Seed Society.	Days: 80	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Roma	A heavy-yielding variety used for preserves, solid-pack canning, tomato paste and puree. Very little juice and of mild flavor. Determinate, large plants have good leaf cover. Disease resistant.	Days: 85-90	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Schimmeig Stripped Hollow	Great for stuffed tomato dishes. The bell pepper-shaped, hollow, 3-5 inch red fruit has light gold streaks on the outside. Vigorous 20-30 inch indeterminate vines produce buckets of fruit until late in the season.	Days: 80	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Striped German	Plant produces medium sized gorgeous yellow-red bicolor fruits. Interior of fruit is bi-colored too! Fruits are typically 1 -2 lbs each. Productive plants and usually will produce until frost. Very sweet tomato taste.	Days: 80	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Super Beefsteak	Very meaty large red fruits. Excellent summer slicer. Fruits can get up to 2 lbs. A classic beefsteak-type tomato. An open-pollinated type from Burpee's.	Days: 80	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	Yellow Brandywine	A golden-yellow version of the traditional Brandywine. This variety produces large 6 inch, flattened fruits which have rich full flavor. Potato leaf variety. Indeterminate.	Days: 80	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Example Order:

3" pots	4 1/2" pots	
3	1	German Queen
	4	Super Beefsteak
